Pertexa Healthcare Technologies of Ridgecrest, CA and American Correctional Solutions of Anaheim, CA Sign Strategic Partnership to Enter the U.S. Corrections Market. The Partnership Will Specifically Develop and Market Radekal Productivity Application and Billing Software for Use in Major Correctional Systems Across the U.S.

Pertexa (PHT), California-based medical company and American Correction solutions (ACS) of Anaheim, CA, a national leader in the delivery of specialty medical services to correctional agencies agreed to a strategic partnership. The partnership will offer PHT's latest productivity tools (Radekal and RITA) to the U.S. correctional system. ACS is one of the nation's largest correctional medical service providers. ACS provides health services to correctional facilities throughout California. ACS will lead the operations and marketing activity of Pertexa's flagship product Radekal and billing software. Radekal is widely recognized as the nation's top physician's productivity App with productivity gains of over 30%, which is desperately needed in state, local and federal correctional facilities.

"We're proud to join and support Pertexa in their efforts to introduce its physician productivity App (Radekal) and billing software for correctional systems of all sizes. ACS's 25 years of experience in corrections and deep pool of IT talent will also help Radekal deploy its "Wrapper Approach" for large correctional customers. Working together we can offer a solution at an affordable initial cost with an immediate positive impact on the cost availability and quality of medical care," said Barry Goldstein, President of ACS

"ACS was selected as our strategic corrections partner after a 3-month selection process. In the end, ACS was selected for their strong IT capability, technical services, and real world medical experience in serving correctional institutions. Pertexa wants to stay focused and continue to create innovative software and hardware productivity tools. ACS will be the driver of our products into the corrections market" said Kishor Joshi, CEO of Pertexa.

About

ACS is a Veteran Owned, California Certified Small Business Corporation with its' headquarters located in Anaheim, California. Our company provides cost effective quality healthcare services and systems such as, Radiology & Ultrasound Clinics, Dialysis Clinics, Telemedicine, On-Site Healthcare Staffing, and Mental Health Professionals.
